

A RESOLUTION APPROVING A REVISED SPECIAL ASSESSMENT POLICY
Resolution No. 31/2004-05

WHEREAS, the Town of Carrboro has not referred to the special assessment policy for a paving project in over twenty years; and

WHEREAS, since that time special legislation affecting special assessments has been adopted and incorporated as Article 5 of the Carrboro Town Charter; and

WHEREAS, the current special assessment policy refers to positions no longer in existence such as the Carrboro "Deputy Tax Collector"; and

WHEREAS, the Town Attorney and town staff have reviewed and updated the special assessment policy to reflect the special legislation, current terminology and the applicable state statutes.

NOW, THEREFORE, THE BOARD OF ALDERMEN OF THE TOWN OF CARRBORO RESOLVES:

Section 1. The attached revised special assessment policy is hereby adopted.

Section 2. This resolution shall become effective upon adoption.

PROCEDURES TO BE FOLLOWED FOR STREET OR SIDEWALK SPECIAL ASSESSMENTS

Generally, before a street or sidewalk special assessment project can be undertaken, a petition must be received from the property owners to be assessed. The general standards for a petition are located at N.C. Gen. Stat. § 160A-217. There are some circumstances, however, where a special assessment project may be undertaken without a petition. Those circumstances are described in detail in Article 5 of the Town Charter and more briefly below.

I. Street and Sidewalk Special Assessments Without A Petition

A. The Board of Aldermen may levy special assessments for streets and sidewalk improvements without first receiving a petition from the Property Owners to be assessed in the following two cases:

- (1) Unpaved streets that connect two paved streets; and
- (2) Unpaved extensions of streets that are partially paved.

B. The Board of Aldermen may levy special assessments for sidewalk improvements without first receiving a petition from the Property Owners to be assessed in those portions of the following streets that are located within the Town's business or industrial zoning districts: Main Street, Weaver Street, Greensboro Street and Merritt Mill Road.

II. Street and Sidewalk Special Assessments With A Petition

A. Unpaved Streets

Except as provided in paragraph I. above, before the Town can levy a special assessment for street or sidewalk improvements on unpaved streets, the Town must receive a petition for the improvements signed by at least:

- (1) A majority in number of the owners of property to be assessed who reside on that street, who must represent at least a majority of all the lineal feet of frontage on the street to be improved that is owned by persons who reside on that street; or
- (2) A majority in number of the owners of property to be assessed, who must represent at least a majority of all the lineal feet of frontage of the lands abutting on the street or portion thereof to be improved.

B. Paved Streets

Except as provided in paragraph I. above, before the Town can levy a special assessment for street or sidewalk improvements on paved streets, it must receive a petition for the improvements signed by at least a majority in number of the owners of property to be assessed,

who must represent at least a majority of all the lineal feet of frontage of the lands abutting on the street or portion thereof to be improved.

C. The Petition

When a person seeks a petition, the Town Clerk completes the tax map and lot owner blanks on the petition form, using the most recent tax records available in the Orange County Tax Office. The petition, together with the cover memorandum from the Town Manager and the "Notice to Petitioners", attached hereto and collectively referred to as Form #1) are then delivered to the person making the request.

D. When a completed petition is received, the Town Clerk reviews it to determine its sufficiency. If there has been an intervening property tax listing period between the time a petition is requested and the time it is returned, then the Town Clerk re-checks the names of the owners who have signed the petition against the most recent county tax records. If a petition is inadequate, it is returned, with an explanation, to its sponsor. If the petition is sufficient in all respects, the Town Clerk certifies this fact to the Board of Aldermen (Form #2) and forwards the petition and certificate to the Public Works Staff.

III. Procedures That Apply to All Street And Sidewalk Special Assessments

The following information applies to all street and sidewalk special assessments, regardless of whether a petition was required or not.

A. After receiving a recommendation of the Public Works Staff and determining that funds are available to complete the project, the Board of Aldermen may adopt a preliminary assessment resolution declaring its intent to undertake the project (Form #3). This resolution sets a public hearing on the matters contained therein, which hearing must be not less than three (3) nor more than ten (10) weeks from the date the resolution is adopted.

B. Prior to any public hearing on any resurfacing or sidewalk construction, the Town shall indicate through adequate visible markers the extent of the improvements to be made should it be proposed that such improvements, whether sidewalk or road resurfacing, extend beyond the road surface. In addition, petitioners shall also be given adequate opportunity, before the public hearing to determine if the improvement project shall be undertaken, to know how much right-of-way, if any, will be needed to be acquired to make the necessary improvements.

C. The Town Clerk causes a notice of the public hearing on the preliminary assessment resolution to be published once in the newspaper at least ten (10) days before the date of the hearing. This notice contains the information indicated in Form #4. The Town Clerk obtains and keeps on file a publisher's certificate of publication of this notice.

D. The Town Clerk also sends by certified mail a copy of the preliminary assessment resolution to the owners of property abutting the improvement as shown on the most recent Orange County tax records. This notice is mailed at least ten (10) days before the date of the hearing. The

Town Clerk then certifies to the Board of Aldermen that such notices were properly mailed (Form # 5).

E. The Board of Aldermen holds a public hearing on the proposed project and thereafter may adopt a resolution (Form #6) declaring that the project be undertaken.

F. The work on the project is then undertaken and accomplished either by Town crews or by contract awarded in accordance with the bid requirements set forth in the General Statutes.

G. At the completion of the work, the Town Clerk calculates the total cost of the project in consultation with the Director of Public Works and the Town Finance Officer. Included in this calculation are legal fees, engineering fees, interest paid during construction, right-of-way acquisition costs, mailing and publication costs incurred for notices and resolutions, all construction costs (except the cost of paving at street intersections), and any other costs associated with the completion of the project.

H. The Board of Aldermen adopts a resolution declaring the costs of the project as determined by the Town Clerk, ordering the preparation of a preliminary assessment roll and setting a public hearing on the assessment roll (Form # 7).

I. The Town Clerk prepares a preliminary assessment roll containing the information indicated in Form # 8. A map prepared from the tax maps and showing the area abutting the improvements is attached to this preliminary assessment roll. The assessment roll and attached map are made available for public inspection at least ten (10) days before the date of the public hearing on the assessment roll.

J. The Town Clerk causes a notice of the completion of the preliminary assessment roll and of a public hearing thereon to be published once in the local newspaper at least ten (10) days before the date of the public hearing (Form # 9). The Town Clerk obtains and keeps on file a publisher's certificate of publication of this notice.

K. The Town Clerk also sends by certified mail both a notice of completion of the preliminary assessment roll and a notice of a public hearing thereon to the property owners listed on the preliminary assessment resolution. This notice contains the information indicated in Form # 10 and is sent at least ten (10) days before the date of the hearing. The Town Clerk then certifies to the Board of Aldermen that such notices were properly mailed (Form # 11).

L. The Board of Aldermen holds a public hearing on the assessment roll and either confirms it or modifies it in accordance with G.S. 160A-228. If it chooses to confirm the assessment roll, the Board of Aldermen adopts a resolution similar to that shown in Form # 12. The Town Clerk enters into the minutes the date, hour, and minute of confirmation.

M. After the expiration of twenty (20) days from the confirmation of the assessment roll, the Town Clerk causes a notice of confirmation of the assessment roll and levying of assessments (Form # 13) to be published once in the local newspaper. The Town Clerk obtains and keeps on file a publisher's certificate of publication of this notice.

N. On or before the date that the notice of assessment roll confirmation is published, the Town Clerk sends by certified mail to the property owners whose names appear on the assessment roll a letter, under the signature of the Town Finance Officer, setting forth the payment options for the special assessments. This letter contains the information indicated in Form # 14. The Town Clerk furnishes the Town Finance Officer with a copy of the letter sent to each property owner.

O. If a property owner elects the installment payment method, the Town shall send an annual statement for the assessment payment coming due.

P. If at any time an assessment account becomes delinquent, the Town Finance Officer writes the owner of the property with respect to which the assessment payment is overdue and requests that the account be brought up to date. If the account remains delinquent, the Town Finance Officer notifies the Town Attorney for further proceedings.

NOTICE TO PETITIONERS

BEFORE YOU SIGN THIS PETITION, please do and note the following:

1. READ this petition and all other accompanying information thoroughly so that you will understand what you are signing and what it will mean to you.
2. CHECK your deed and see that the frontage corresponds to the distance shown on the petition. If there is a discrepancy, put the frontage your deed calls for in the space provided on the petition form opposite your lot number as shown on the petition.
3. SIGN the petition in the same manner as your deed reads. In case of co-ownership, as in the case of husband and wife, both must sign.
4. If you are signing for a corporation, remember that the president (or vice president) must sign and the corporate seal must be affixed and attested by the secretary (or assistant secretary).
5. Be sure that your signature is correct before the petition leaves you. Incorrect signatures cannot be counted in the percentage, and this may cause the petition to be delayed in its presentation to the Board of Aldermen for consideration.
6. The names of the property owners listed on the petition are not guaranteed to be correct, and there may be errors. Every attempt has been made to get the correct owner's name without a time-consuming title search. The correct owner should sign the petition opposite the lot number shown on the petition.
7. If you have any questions or want more information about this petition, please contact the Director of Public Works, who will make every effort to answer your questions and give you the requested information.
8. Any estimate of cost given to you is not to be considered as a maximum or minimum cost. A close estimate will be impossible to make until such time as the detail plans of the improvements desired are completed, and this work will not be done until after the petition has been approved by the Board of Aldermen. Any costs given at this time are only estimates, given so that you will have an idea of what the proposed improvement will cost.
9. Prior to any public hearing on any resurfacing or sidewalk construction, should the Town propose to extend road resurfacing or sidewalks beyond the existing road surface, the Town shall indicate through adequate visible markers the extent of such improvements. In addition, petitioners shall also be given adequate opportunity, before the public hearing to determine if the improvement project shall be undertaken, to know how much right-of-way, if any, will be needed to be acquired to make the necessary improvements.

Town Clerk

PETITION FOR LOCAL IMPROVEMENTS

TO THE BOARD OF ALDERMEN OF THE TOWN OF CARRBORO:

A. We, the undersigned property owners, owning land abutting upon the street identified below, hereby petition the Board of Aldermen, pursuant to the provisions of Article 10 of Chapter 160A of the North Carolina General Statutes or the Town Charter, to make improvements described below upon the indicated street or part thereof.

B. The street or part thereof desired to be improved is:

that part of _____ Street

from _____ Street

to _____ Street

C. With respect to the improvements petitioned for, we request:

ITEMS INCLUDED: _____

1. **Curbs, gutters and drain improvements:** That curbs, gutters, and drains be constructed and installed on the street or part thereof named in paragraph B within the limits defined in said paragraph; such curbs and gutters to be Standard Curbs and Gutters as approved by the Board of Aldermen, and such improvements also to include necessary grading and construction of the necessary drains (storm sewers, laterals, inlets and manholes) as determined by the Board of Aldermen and the doing of all other work incidental to the construction and installation of curbs, gutters and drains.

2. **Street Paving Improvement:** That the street or part thereof named in paragraph B be paved with asphaltic surface not less than two (2) inches thick laid on a stabilized base of crushed stone or gravel of necessary thickness as determined by the Board of Aldermen, such street paving improvement to include grading and the construction of drains (storm sewer mains with abutting property as may be designated and determined by the Board of Aldermen.

3. **Sidewalk Improvements:** That standard concrete sidewalks, as approved by the Board of Aldermen, be paid on both sides of the street or part thereof named in paragraph B, unless only one side of the street is hereinafter designated in this section); such sidewalk improvement to include necessary grading and all other work incidental to the construction of sidewalk improvements;
_____ side only.

D. Pursuant to the assessment policy of the Town of Carrboro, we petition and request the Board of Aldermen to levy a special assessment against property benefited by the

improvements in an amount equal to fifty (50%) percent of the total cost of the improvements (not including the costs of paving at street intersections). We understand that, in accordance with the Town's assessment policy, individual assessments will be made according to the frontage abutting on a project, at an equal rate per foot of frontage (except that, when a project is undertaken along two (2) sides of a corner lot, 75% of the frontage of the shorter side of such lot, up to a maximum of 125 feet, shall be exempt from assessment).

E. It is understood that when street improvements are requested and utility mains are already located in the street (such as water, sewer, gas, electricity, and telephone mains, lines or pipes), the Board of Aldermen may require that lateral connections be made from the mains to abutting property before the street is paved so that the pavement need not be broken at a later time to make these connections. The expense of these connections will be borne by the benefited property owners.

F. The Town shall make every effort to accommodate and save trees, shrubs, flowers, fences and walls attached to the land which fall in line with planned improvements within the right-of-way by planning improvements around such landscape features. If the Town makes this effort but cannot save these trees, shrubs, flowers, fences and walls, then the property owner shall be given reasonable notice and sufficient time before construction is begun to transplant or move such trees, shrubs, flowers, fences and walls attached to the land from the area's improvements.

FORM #1

TO: Persons Requesting Petitions for Street Improvements

FROM: Town Manager, Town of Carrboro

In order that this petition may meet the requirements for approval by the Board of Aldermen, it must be signed by either:

- (i) (for improvements to paved or unpaved streets) a majority in number of owners of property to be assessed, who must represent at least a majority of all the lineal feet of frontage of the lands abutting on the street or portion thereof to be improved; or
- (ii) (for improvements to unpaved streets) a majority in number of the owners of property to be assessed who reside on that street, who must represent at least a majority of all the lineal feet of frontage on the street to be improved that is owned by persons who reside on that street.

The law requires the Town to notify all affected property owners that the town is considering a special assessment project and to give all such persons an opportunity to appear at a public hearing on the project before it is undertaken. This public hearing will be set after a properly completed petition is presented to the Town. However, in the past some property owners have become upset because they were not contacted when the petition was circulated and learned of the project for the first time when notified by the Town of the public hearing. Therefore, as a gesture of neighborhood courtesy and consideration, the Board of Aldermen requests that you contact all property owners that will be affected by this petition so that they will know that there will possibly be some future improvements made and that they will be responsible for a share of the costs. It is believed that by doing this, there will be less possibility of ill feelings between neighbors and between the citizens and your Town government.
