

**BOARD OF ALDERMEN
AGENDA ITEM ABSTRACT**

ITEM NO. (2)

MEETING DATE: October 12, 2004

TITLE: Worksession on the Carrboro Mobility Report Card

DEPARTMENT: PLANNING	PUBLIC HEARING: YES __ NO _X_
ATTACHMENTS: A. Resolution B. Carrboro Mobility Report Card	FOR INFORMATION CONTACT: Dale McKeel – 918-7329

PURPOSE

A Mobility Report Card has been prepared for the Town of Carrboro. Ray Moe of LSA Associates, Inc. will provide a worksession on the report.

INFORMATION

The Mobility Report Card is a compilation of data on various elements of the town's transportation system, including traffic volumes, intersection level of service, transit ridership, and bicycle and pedestrian counts. The report card represents a snapshot of mobility at a point in time, and provides a means to monitor and evaluate progress toward town-wide mobility goals.

By monitoring and consistently evaluating progress, the Town will be able to more efficiently detect and correct problems; manage, describe, and improve processes; and document accomplishments. Typically, a Mobility Report Card is updated on a regular basis (every two to five years). A Mobility Report Card was prepared for the Town of Chapel Hill in 2001. The 2003 update to Chapel Hill's Mobility Report Card provided the opportunity for such a report to be prepared for the Town of Carrboro.

FISCAL IMPACT

The Board of Aldermen on September 16, 2003 authorized the Manager to execute a contract with the Town of Chapel Hill to include data from Carrboro in the Mobility Report Card. The estimated cost to the Town of Carrboro is \$4,077.

RECOMMENDATION

Staff recommends that this report be accepted and referred to the town's advisory boards for discussion (Attachment A).
