With regards to the Kidney Kare Run...100% of the funds will be used for the educational outreach fund (doing focus groups and screenings) and research (on campus). Part of the reason for the run is to create awareness for kidney disease and the UNC Kidney Center. Chronic kidney disease affects over 900,000 North Carolinians, another 900,000 are asymptomatic and unaware that they have "ckd". Kidney disease tends to be a "shadow" disease that many people do not know they have until it is in an advanced, irreversible stage. Our mission is to get people asking their primary care physicians..."Hey Doc, How are my kidneys?"

I can send more information about the UNC Kidney Center outreach activities if necessary....didn't want to get too long-winded.
