**APPLICANTS RECOMMENDED for RE-APPOINTMENT to the PLANNING BOARD
JANUARY 5, 2007**

Applicant 1: James Carnahan [*"in town" seat*]

Outstanding qualifications:

James brings extensive experience as an architectural designer and a citizen-activist for walkable, transit-oriented, sustainable urban development. He has been on the Planning Board for 4 years and has been Chairman for 2 years. He has participated in several Town commissions & steering committees; in addition he helped found The Village Project, a non-profit educational organization that has contributed greatly to local citizen awareness about sustainable patterns of development. Being self-employed & semi-retired, he has plenty of time to devote to the work of the Planning Board.

How applicant compliments current board composition:

James is one of two Planning Board members with professional design experience, as well as considerable knowledge of the characteristics of sustainable urban form. Having been on the Board for 4 years, he has extensive "institutional memory;" that is, knowledge of the Town, our zoning & ordinance, and the key policy documents with which we guide future development & redevelopment.

Other comments:

Applicant 2: David Clinton [*ETJ seat*]

Outstanding qualifications:

David is a registered architect with considerable experience, particularly in commercial projects. He brings invaluable technical expertise to the Planning Board's deliberations; he is "LEED" certified, which means that he is extremely knowledgeable about how to make buildings & developments that economize their energy demands and reduce their impacts on the quality of our air, water and soils.

How applicant compliments current board composition:

In addition to his design & technical skills, David brings enormous professionalism and enthusiasm to the deliberations of the Planning Board. As he has served one term he is very familiar with Carrboro's zoning & ordinance and policy documents; in light of the fact that there has been some turnover of Planning Board seats in the last year, he is an important reservoir of knowledge about Carrboro.

Other comments:

At this time, there have been no other applicants from the ETJ for this seat on the Planning Board.

SUBMITTED by James Carnahan, Chairman

APPLICANTS RECOMMENDED FOR THE PLANNING BOARD

JANUARY 5, 2007

Applicant 1: Sharon Cook ["in town" seat] - 3 years

Outstanding qualifications:

Sharon Cook is a Homemaker with 3 children. She has been living 10 years in the northeast part of Carrboro that was annexed last year. She has been very actively involved in transportation & walkability issues for the Rogers Road/Homestead Road area where she lives. During and after the annexation she has spoken frequently on a number of issues facing Carrboro's newest residents. I think she has a detailed knowledge of development patterns that will best suit Carrboro and be sensitive to the Town's history and natural environment.

How applicant compliments current board composition:

I met with Sharon for well over an hour and was very impressed by both her enthusiasm for working on town issues and the depth of her knowledge of what makes the built environment walkable, "transit-oriented," and environmentally sustainable. She grew up and spent much of her adult life prior to moving to Carrboro in mid-western communities with traditional street "grids" of fairly dense residential neighborhoods that had shopping and schools within easy walking or biking distance. Sharon is keenly aware of the lack of commercial services in the northern part of Carrboro, an issue that is in the forefront of topics Carrboro citizens have expressed interest in addressing. As a resident of that part of town, and in light of her generous approach to public service, I think she will be a great resource for the Planning Board and for the Town.

Other comments:

Last year I recommended two residents of the newly annexed part of Carrboro for Planning Board seats, Mary Rabinowitz and Lydia Lavelle. I feel that this somewhat heavy representation from this part of town is an important way to accelerate the involvement of the new citizens and to become aware of their interests and concerns. Subsequent to her appointment, Mary Rabinowitz moved to a neighborhood close to the town center. For this reason, I want to seat another "New Northeast" resident on the Planning Board.

Applicant 2: Richard Bell ["in town" seat] unexpired term, expiring 2/2008

Outstanding qualifications:

Richard Bell has an academic background in Community Planning and a great deal of professional experience in the field. He is currently a Project Officer with Active Living by Design and prior to that was the founding Executive Director for the North Carolina Smart Growth Alliance. He has been living on Pine Street for 10 years and thus been sensitized to some of the issues that arise when "infill" development is poorly planned and executed. In addition he has been actively involved in a committee of parents of students at Carrboro Elementary School working to expand the utility of some of the open space around the school.

How applicant compliments current board composition:

Richard's extensive background in Community Planning will expand the diversity of experience of Planning Board members, bringing a unique perspective & skillset that will have considerable relevance at a time when we are seeking to define and bring about a "sustainable" and affordable community.

SUBMITTED by James Carnahan, Chairman

Applicant recommended at this time:

Daniel Amoni

Outstanding Qualifications: Daniel thinks outside the box. He lives on S. Greensboro St. in the heart of Carrboro. Daniel often rides a bike around town and has rigged it with a trailer that allows him to transport construction materials without getting into his car. He brings enthusiasm and passion to our discussions about transportation, and is not content to accept "standart" solutions without good reasons. Daniel's location in downtown Carrboro gives us a better perspective on an area that is seeing a lot of change.

Other comments: I know that some of you are concerned about an incident that occurred during a TAB meeting with one of our neighborhoods. I have spoken to Daniel about that meeting, and he has agreed that his actions were "inappropriate and embarrassing." He felt unprepared for the number of emails, phone calls, signs held up in the room, verbal accusations, and other forms of aggression that were displayed at the meeting. None of us was prepared, unfortunately. However, we have all learned a lot from that meeting, including how to avoid a similar situation in the future. If any of you would like to talk to me more about this, please give me a call (929-8671). In the end, we all felt that Daniel should remain on the board, and voted to recommend him for reappointment (vote was 5-0, with 2 absent)

Thank you for your consideration of this matter.

I also feel that I am making a difference by being involved in the state and national associations (things I can still do without being a part of the Carrboro Commission) but I like to think that my involvement helps the town. I am extremely interested in helping to develop alternate funding for town parks and programs. I am also a member of the state's LWCF grant review committee.

How applicant compliments current board composition: I have a history of what the town department stands for and I have knowledge to pass on about some of the laws that impact the way we use public facilities.

EXPERIENCE TO AID YOU IN WORKING ON THESE ADVISORY BOARDS: I have served as the Vice-Chair of the Energy Committee at the Atlanta office of the Sierra Club. There, I was responsible for helping to create a web page and establish policies regarding Sierra Club participation in community efforts and energy programs. I was also a member of the "Sierra Club and Beer" Advisory Committee, with duties including: advertising, recruitment, volunteer organization, and planning of events. During this time I helped this Sierra Club office with their "Community Green Power Program," which encouraged solar power use by local businesses and community centers. Coupled with work at the Bay Area chapter of the Sierra club as a campaign assistant, I have had substantial experience working one on one with community members, and a strong commitment to local efforts for environmentally conscious decisionmaking.

REASON(S) YOU WISH TO BE APPOINTED: The Environmental Advisory Board is making the decisions that are vital to the future of this community. I have quickly discovered the unique charm of Carrboro and believe that it is due to the town's commitment to a sustainable future. I firmly believe that I would be a benefit to this committee,

and would be honored to be involved. As a graduate student in Ecology here at UNC, I have been studying the unique challenges involved in integrating development and local politics with a clean environment. I hope to put some of this knowledge to work for the benefit of the community in Carrboro. 4-5

EXPERIENCE TO AID YOU IN WORKING ON THESE ADVISORY BOARDS: I have a background in city planning and community development. For the past year, I worked within the community and economic development office in Burlington, Vermont. One of my duties was to coordinate the city program to encourage youth civic participation by placing youth (ages 15 to 17) on city boards and commissions. I understand the importance of municipal boards, and I look forward to contributing as a citizen of Carrboro. Specifically, I am interested in serving on the Recreation and Parks Commission, or the Appearance Committee. I value good public spaces, and believe the municipality and the citizens play a key role in supporting and maintaining these facilities. I can contribute my knowledge of design and familiarity with zoning laws if I serve on the Appearance Committee. I am currently a graduate student at the Department of City and Regional Planning at UNC Chapel Hill. Please see my resume for further information on my background.

REASON(S) YOU WISH TO BE APPOINTED: I would like to become more familiar with the Carrboro community, having recently relocated here from out-of-state. I want to get involved with the local government, and I believe that citizens play a key role in having and effective government. When I finish graduate school, I aspire to work in the public sector. I will gain valuable experience serving as a citizen on either the Recreation and Parks Commission or the Appearance Committee.

EXPERIENCE TO AID YOU IN WORKING ON THESE ADVISORY BOARDS: I have been active in local politics literally all of my life - I walked my first precinct at age 11, and have been involved with both issues and candidates. My skills as a catalyst, an organizer and a consensus-builder have helped me to be successful in professional and volunteer arenas. I work for UNC Health Care, in the Program on Integrative Medicine in the School of Medicine, and coordinating the Planetree initiative for UNC Hospitals. In my latter role, one of my most important tasks is coordinating and expanding our vibrant Healing Arts program. I am working to build a stronger relationship between the Orange County arts community and UNC Hospitals. I am also a professional musician and teacher, a writer, and a visual artist, so I have experience on both sides of the palette, so to speak. I have directed statewide health education programs in California, and am committed to developing arts education as well. I am president of the Whispering Hills Homeowners Association. Under my leadership over the past 2 years, our property values have increased by nearly 25%, we have begun community garden projects, and are holding

REASON(S) YOU WISH TO BE APPOINTED: Just like every Miss America candidate, I want to make a difference. In the San Francisco Bay Area, I wasn't very active in local politics because I didn't feel as though I had much impact. Now that I live in "Berkeley in the Piedmont," I feel like there is an openness, an energy, and an opportunity to contribute my skills, experience, and dedication to my home town.

Although Arts Committee is my first choice, I am open to serving wherever my skills are most needed. thank you.
