### PURPOSE

Steve Spade, Director of Transportation for Chapel Hill Transit, will make a presentation on current operations and plans for upgrades and improvements. A resolution receiving the report is provided.

### INFORMATION

See attached presentation materials regarding current transit operations and recommendations for future improvements (*Attachment B*). Mr. Spade met with the Carrboro Transportation Advisory Board (TAB) on Thursday, March 15; a copy of the TAB recommendation is attached (*Attachment C*).

### FISCAL IMPACT

Each year the Town of Carrboro negotiates an annual contract for public transit services, which determines the Town of Carrboro's share of the net cost of transit services. Later this month and during the month of April, the Transit Partners Group will be considering service changes and other cost factors that are used by the Town of Chapel Hill in determining the total cost of transit for the coming year. The terms of the Memorandum of Understanding will guide the structure of the annual contract.

### RECOMMENDATION

The staff recommends that the Board of Aldermen receive the report from Mr. Spade.
