

BOARD OF ALDERMEN

ITEM NO. D(1)

AGENDA ITEM ABSTRACT

MEETING DATE: June 5, 2007

TITLE: Update on Fire Station #2

| | |
|---|--|
| DEPARTMENT: Fire –Rescue | PUBLIC HEARING: YES ____ NO <u>x</u> |
| ATTACHMENTS: A. Fire Station Design and Construction Schedule | FOR INFORMATION CONTACT: Travis Crabtree, 918-7349 |

PURPOSE: The purpose of this item is to update the Board of Aldermen on Fire Station #2.

INFORMATION: Ken Newell, architect with Stewart, Cooper and Newell, will be present to update the Board on Fire Station #2 following the design charrette held on May 21, 2007

FISCAL IMPACT: At this time, preliminary estimates indicate sufficient funds are budgeted (\$2,749,703) to design and construct the fire substation using a single-story pre-engineered metal structure in accordance with LEED certification requirements as discussed at the May 1st Board meeting.

STAFF RECOMMENDATION: Accept this report and provide direction to the Town Manager on the next steps to be taken. In order to stay on the schedule presented to the Board on May 1, work needs to begin very soon on the design and development of construction drawings.
