

BOARD OF ALDERMEN

ITEM NO. C(7)

AGENDA ITEM ABSTRACT MEETING DATE: October 16, 2007

SUBJECT: A Resolution Authorizing the Town Manager to Enter into an Agreement with NCDOT for Bridge Inspection Work.

DEPARTMENT: PUBLIC WORKS	PUBLIC HEARING: NO
ATTACHMENTS: A. Resolution	FOR INFORMATION CONTACT: George E. Seiz 918-7427

PURPOSE

The purpose of this item is to have the Carrboro Board of Aldermen authorize the Town Manager to enter into an agreement with the North Carolina Department of Transportation (NCDOT) for bridge inspection work. A resolution has been prepared for the Board's adoption.

INFORMATION

The Surface Transportation Act of 1978 provides funding for a Federal-Aid Highway Bridge Replacement and Rehabilitation Program. The Highway Bridge Replacement and Rehabilitation portion of the law requires that all structures defined as bridges located on public roads must be inspected on a cycle, not to exceed two years, in accordance with the National Bridge Inspection Standards (NBIS). Towns may request NCDOT or a consultant retained by NCDOT to perform these inspections through a Municipal Agreement. The Town currently has one bridge located on Lake Hogan Farm Road. However, two new bridges may be completed and possibly added to the system by the time the inspections are performed. One new bridge is located in the Winmore development and the other is in the Rosewalk development.

Under the proposed Municipal Agreement, The Federal Highway Administration shall reimburse the Department of Transportation for eighty (80) percent of the cost of the work subject to compliance with all applicable federal policy and procedural rules and regulations. The Town shall reimburse the Department of Transportation for all costs of the work incurred by the Department of Transportation not paid by the Federal Highway Administration .

FISCAL IMPACT:

The cost to the Town for the inspection work is estimated by NCDOT to be about \$520 per bridge. There is adequate funding in the Public Works Department budget to perform this work. The inspections would most likely be conducted in summer of 2008.

RECOMMENDATION

The Town has historically requested NCDOT to perform the bridge inspections and subsequently Town staff recommends the Mayor and Board of Aldermen adopt the attached resolution authorizing the Town Manager to enter into an agreement with NCDOT for bridge inspection work.
