He has listened closely to all matters that have come before the Board. He has asked incisive questions paying close attention to the concerns of the Town, the community, and his fellow Board members. He continues to be active in Habitat for Humanity. His work as a project manager with Nortel Networks gives him a "results oriented" mindset that has become very valuable to the Board. His knowledge oriented systems is also a great help. EXPERIENCE TO AID YOU IN WORKING ON THESE ADVISORY BOARDS: I sit on the board of directors of the largest privately held real estate development firm in Western Maine. I have served on Carrboro's planning board for the last three years.

REASON(S) YOU WISH TO BE APPOINTED: I have learned a tremendous amount over the last three years on the planning board. When I joined the board, I was interested in preserving the character of the town and ensuring that development was accretive to the value of the existing housing stock. I also believed that restrictions on downtown development should be lifted. Over the last three years, I have become increasingly convinced that Carrboro can, if its leaders muster the political will, become a model city from an environmental and planning perspective. We have the opportunity to show that a medium sized town can grow rapidly without adding concentric rings of suburban sprawl. We have the ability to provide real alternatives to the automobile as a means of primary transport. We have the obligation to preserve and create parks and open spaces. Carrboro is

an inimitable place with a uniquely progressive populace. Its macaronic style can be enhanced with intelligent growth. I would like to continue to play my small part in the evolution of this uncommon town.

COMMUNITY ACTIVITIES/ORGANIZATIONAL MEMBERSHIPS: Over past few months I have been in discussions with selected community leaders, including the Art Center director. Also building connections to several departments at UNC-CH. Spent several years in Raleigh (including at NCSU) trying in vain to promote creative community music – open mics, drums circles and so on. Hope to have many of these initiatives underway in Carrboro within next few months. Also have plans for a youth creativity center that should be able to garner grant support. I have had the chance to present my ideas to the Town Economic Sustainability Commission as noted in the attached powerpoint. They were in general support of my moving forward.

I wish to be considered for appointment to the following advisory board(s):

EXPERIENCE TO AID YOU IN WORKING ON THESE ADVISORY BOARDS: Professor of sociology for over 20 years at NC State University. That has included extensive experience with social change, technological innovation, marketing research, and other areas. Been playing music for almost 40 years. See attached for more information. I am also recognized as one of the leading experts on the impacts of the Internet on society. Have a number of innovative ideas for developing a "CarrSpace" for local residents and businesses patterned on the MySpace model.

REASON(S) YOU WISH TO BE APPOINTED: Desire to help promote Carrboro as the Creative Capital of the Carolinas. In particular I wish to expand the community music opportunities – especially for the youth. In fact, as noted in the attached, my appointment at NC State now is to foster community development using the arts and the Internet. Having recently moved to Carrboro I am amazed by the community solidarity and creative climate. Believe I can add significantly to the ongoing efforts and introduce innovative initiatives. In particular, I hope to help with positioning of Carrboro based on the results of the recent planning studies that build on creative strengths and tolerant climate.

EXPERIENCE TO AID YOU IN WORKING ON THESE ADVISORY BOARDS: I have a background in city planning and community development. For the past year, I worked within the community and economic development office in Burlington, Vermont. One of my duties was to coordinate the city program to encourage youth civic participation by placing youth (ages 15 to 17) on city boards and commissions. I understand the importance of municipal boards, and I look forward to contributing as a citizen of Carrboro. Specifically, I am interested in serving on the Recreation and Parks Commission, or the Appearance Committee. I value good public spaces, and believe the municipality and the citizens play a key role in supporting and maintaining these facilities. I can contribute my knowledge of design and familiarity with zoning laws if I serve on the Appearance Committee. I am currently a graduate student at the Department of City and Regional Planning at UNC Chapel Hill. Please see my resume for further information on my background.

REASON(S) YOU WISH TO BE APPOINTED: I would like to become more familiar with the Carrboro community, having recently relocated here from out-of-state. I want to get involved with the local government, and I believe that citizens play a key role in having and effective government. When I finish graduate school, I aspire to work in the public sector. I will gain valuable experience serving as a citizen on either the Recreation and Parks Commission or the Appearance Committee.
