**Subject:** Winmore Neighborhood Daycare

Dear Mr. Stewart and Mr. Thomas,

My wife and I are residents of 135 Kiley Street. It is a home in the Winmore subdivision currently under construction.

My wife and I write this email to **strongly support the proposal** to develop a daycare center as part of the mixed-use community. We believe that a daycare facility would be an asset to the community, and promote the area to families with young children. Especially given the close proximity of our neighborhood to elementary, middle and high schools, a preschool/day care would only be an asset.

Due to a scheduling conflict, my wife and I are unable to advocate for this proposal in person at tonight's meeting. We hope that our support will be conveyed to the other members of the Board of Alderman.

Best regards,

Nirmal Veeramachaneni and Deepika Polineni
