#### Name and/or description of individual, place, or event to be memorialized:

## <u>Please include here any statement about his / her / its significance or contribution to the community and/or why you believe this monument should be established.</u>

This monument, although it will be planted in honor of my mother, carries a much broader significance for all the Carrboro citizens who have immigrated to this community from all over the globe. For many of us who were born in another country, the United States can be a very intimidating and sometimes unwelcoming place. Carrboro is a unique community where people of different colors, traditions and languages meld together in celebration of diversity rather than in spite of it.

I came to the US in 2006, leaving my mother, father, and three siblings in Peru. I have a degree in journalism from my country; however, I sought a college degree from the US and fluency in English, knowing that with these two in hand the world would be full of opportunity. Until two months ago, I had not seen my mother since I left home. We talked daily – multiple times! – and she always encouraged me to work hard, be honest, and follow my heart.

My mother came to visit two months ago. Her health was not good, and I saw that she was suffering. When she left to return to Peru, I knew in my heart that I might never see her again. Yet she looked me in the eye and instructed me to finish what I had started, not to return to Peru until I had my degree. My mother passed away two weeks after she left me. I yearned to return home, to be with family, but my family and friends reminded me of my mother's wish for me to

stay, not to risk losing my student visa status, not to risk losing my chance for a better future. Painfully, I remained here, where I was supported by my friends in the community.

We international students and immigrants to the US sacrifice contact with our families for long periods of time in exchange for hope of a better education, a brighter future, an open door of opportunity. My mother was supportive of that dream, and I know many in Carrboro who live as I do honor that dream as well. This tree that I wish to plant in honor of my mother will symbolize the love of families far away for all Carrboro citizens. The strength of its roots will grow the longer it survives, like the strength of our loved ones who support us so that we may grow and thrive.

If an individual, is this person living?

She passed away on September 3th, 2009

#### Describe the materials, size, and general nature of the proposed monument:

(if a photograph, drawing, or other rendering of the proposed monument is available, that may suffice)

I plan to plant a tree, one that meets the Carrboro City specifications and will grow and thrive for many years to come.

<u>Describe the proposed location of the monument, including any special significance of this location:</u> (a sketch showing the proposed location of the monument is helpful)

My mother felt her best in Wilson Park, when she came to visit me. She felt it was the most beautiful place she had seen, so this is where I would like her monument to reside.

### List any text that will be included as part of the monument (if any):

None

Describe any cost that would be incurred by the Town of Carrboro in the purchase, erection, or maintenance of the proposed monument (beyond normal maintenance of the area where the monument will be located).

None. I will incur the cost of the tree itself and the planting of the tree. I will do the necessary watering of the tree until it is well established and no longer needs routine watering. If for whatever reason the tree does not take to the land, I will have it removed.

If the monument will require maintenance but the Town is not being asked to maintain it, who will provide for the maintenance of the monument?
