PURPOSE

The purpose of this agenda item is for Staff to provide feedback from Weaver Street businesses and additional information related to a possible re-opening celebration on Weaver Street.

INFORMATION

The Board of Aldermen asked Town staff to survey the businesses along Weaver Street that could be affected by a possible street re-opening celebration. Staff has contacted those businesses and researched other possible impacts of the proposed re-opening celebration, and a report containing that information will be presented at the June 21 Board of Aldermen meeting.

FISCAL AND STAFF IMPACT

The impact of this item will depend on the Board of Aldermen's direction on how to proceed with a possible re-opening celebration. Staff time for event coordination and a possible increase in contractor costs could result.

RECOMMENDATION

Staff recommends that the Board consider feedback from Weaver Street businesses and additional staff information and provide direction on how to proceed.
